Definitions:

Medicare Part A is managed by Medicare. It provides benefits and coverage for inpatient hospital care, inpatient stays in most skilled nursing facilities, and hospice and home health services.

Medicare Part B is managed by Medicare. It provides benefits and coverage for doctor and clinical lab services, outpatient and preventive care, home health care, screenings, surgical fees and supplies, and physical and occupational therapy.

Medicare Part C, also called Medicare Advantage, is a different way of getting Medicare Part A and Part B coverage through a health plan. Medicare Advantage (MA) Plans combine Part A (hospital insurance) and Part B (medical insurance) together in one plan and may also include Part D prescription drug coverage.

Medicare Part D covers costs of prescription drugs.

FICA Tax: The Federal Insurance Contributions Act (FICA) tax is a United States federal payroll (or employment) tax to fund Social Security and Medicare.
